THE ISLAND OF MOOREA

"The Magic Island"

Moorea is a high island in French Polynesia, part of the Society Islands, roughly 9 miles northwest of Tahiti. From above, the shape of the island vaguely resembles a heart, with its two nearly symmetrical bays opening to the north side of the island: Cook's Bay and Opunohu Bay. The island was formed by a volcano 1.5 to 2 million years ago, at the same time the Society Archipelago was formed.

Even more exotic than its sister island of Tahiti, Moorea is known for its exuberant flora and its clear shallow turquoise lagoon of rare beauty that stretches for 30 miles. Cook's Bay, surrounded by a chain of chiseled peaks, contributes to the emotion of the travelers who are discovering the island. With its peaks and dented crests, Moorea offers landscapes that are considered among the most beautiful by photographers and divers.

From its shores, visitors enjoy an abundance of activities such as scuba diving, snorkeling, paddle boarding, cruising and fishing. Whales, lemon sharks, turtles and butterfly fish are a few of the species you will see in the waters surrounding the island.

On land, visitors can discover quaint villages, tour pineapple plantations throughout the island's interiors and explore the picturesque hillsides by jeep, ATV, bike or on foot. A moment (and picture) atop the famous Belvedere Lookout is not to be missed!

MANAVA BEACH RESORT & SPA MOOREA

Manava Beach Resort & Spa Moorea is nestled on the island shore near the village of Maharepa between the famous Cook's Bay and Gulf of Moorea. Set between lush mountains and a white sand beach on the north side of the island, the resort is situated to receive optimal sunshine all day long.

Manava Beach Resort & Spa Moorea is an ideal destination for couples, honeymooners, divers and families alike. Guests will also find the location ideal for exploring local flair as it is the only resort within walking distance to restaurants and boutiques.

The resort is a true reflection of Polynesian style with contemporary design, featuring stone tiki sculptures (mythical figures in Polynesia) honoring the rich culture and traditions. The warm staff and welcoming ambiance await the guest's arrival.

The resort boasts 90 accommodations consisting of overwater, beach and garden bungalows as well as garden view rooms and duplexes. On property, guests will enjoy a selection of dining experiences, activities, island excursions, treatments at Manea Spa, a pristine beach and the largest infinity pool on the island.

Built at the site of the first hotel on the island, the Bali Hai, which opened in 1961, Manava Beach Resort Moorea marks the location of the beginning of tourism on Moorea.

The resort has undergone a number of renovations over the years, maintaining its charm and luster. In 2014 the resort renovated the Mahana'i Restaurant and Autera'a Bar, and debuted the new Matiehani Lounge wine bar. The infinity-edge pool was refurbished in 2016.

The spa strives to offer the best overall well-being and relaxation, and is unique to Tahiti because it takes advantage of the natural environment of the island while still embracing the Tahitian holistic care philosophy.

Nestled in the heart of the resort, Manea Spa invites you to experience 'Taurumi' at Manava Beach Resort & Spa Moorea.

Natural products and oils are used in all treatments and sourced from islands throughout Polynesia - pineapple from Moorea, Tiare from Tahiti, pure white sand from Bora Bora, vanilla from Taha'a and monoi and flower essences from the Marquesas.

The resort is committed to the greater good of Moorea and French Polynesia as a whole. As such, Manava Beach Resort & Spa-Moorea participates in programs with the goal of protecting important threatened species and enriching children's lives through educational programming.

Protecting a Threatened Species

Over the years, pollution, climate change, non-controlled overfishing and treasure hunters have contributed to an increased threat of extinction for the giant clam by harming the mollusc's reproduction. Manava Beach Resort & Spa-Moorea proudly partnered with *To'a Nui* coral nursery program in 2006 with the goal of finding solutions to protect underwater species and restock giant clams in the Moorea lagoon through the creation of protected, artificial floral gardens and underwater routes.

Lighting up Children's Lives

Manava Beach Resort & Spa Moorea is a proud supporter of the *Puna Reo Piha'e'ina* association for the children of Moorea. The objective of this association is to offer children an environment in which they are able to thrive and learn about Polynesian culture with lessons in language, singing, music and storytelling, as well as photography and multimedia through computer workshops.

To the left, a sandy beach is dotted with several white lounge chairs. A cluster of palm trees stands on the left side. In the background, a range of green mountains is visible under the sunset sky. On the right, a wooden pier extends into the clear, turquoise water, leading to several thatched-roof huts. A small boat is docked at the pier.
