### WHO'S HUNGRY?

#### CAROUSEL

Lobby Level Ext 7799

Fresh ideas. Innovative menus. Carousel exudes an aura of excitement and delight that an evening of superb cuisine, fine wine, and elegant surroundings can provide. Four tastefully designed dining sections provide unforgettable culinary moments; The Living Room, The State Rooms, The Verandah and The Terrace.

Be mesmerised by the enormous spread of seafood and expect succulent and tender flesh. Savour the rotisserie where the allure of delicious aromas, the sizzle and the dancing flames are enough to whet anyone's appetite.

Others include the sushi bar with artfully arranged sushi and sashimi, the Asian and Mediterranean buffet counters, the salad bar and the indulgent dessert counters for a sweet ending to the perfect meal.

Buffet for breakfast, lunch, high tea and dinner are served daily.

#### SCOTTS LOUNGE

Level 2

The 26-seater Scotts Lounge is the place to go for a drink or two. Take your pick from a selection of premium beverages. Sit back and unwind, as you enjoy the drinks and company in this intimate space for some after-work downtime or simply, over a good conversation with your pals.

Operating Hours: Monday to Friday, 6pm – 10pm

## RECYCLING PROGRAMME

Do your part for the environment and join us in our recycling efforts for a greener Earth. Recycling bins for glass, cans, plastic and paper are available outside the main entrance.

We seek your kind participation and support.

## FIRE SAFETY

Your guestroom is fitted with an automated sprinkler and a warning alarm system. In order to prevent creating fire hazards:

- Do not hang clothing items on the standing lamp or sprinkler head to dry them.
- Do not light candles or incense in the room.

In the unlikely event of fire, please refrain from using the elevators. The emergency exit plan is located behind the guestroom's main door. Three emergency exits are also located on every floor.

## DETECTING FIRE

- Activate the nearest fire alarm by breaking the manual call point located along the corridor.
- If possible, immediately contact the Fire Command Centre at Ext 7999 to report the emergency.
- Fight only small fires, using a fire extinguisher or fire hose reel by aiming at the base of the fire.
- Fire extinguisher and fire hose reel are located along the corridor outside your room.
- If possible, leave the building via the emergency exit.

## EVACUATION

In the event of an evacuation, the elevators will immediately return to the ground level and remain there until the premises are secured. Please listen to the announcement over the public address system and keep in mind the points below:

- Take your guestroom's key card with you as you will need to regain access later.
- Test the temperature of the door with your hand prior to opening. Shut the door quickly if there is smoke in the hallway.
- If the hallway is clear of smoke or fire, proceed to the nearest emergency exit. If the hallway is smoky or dark, stay near the walls as you move. Stay close to the ground and look out for 'Exit' signs.
- Do not attempt to pack your belongings. Time is precious and your safety is important.
- Leave the building via the fire escape staircase and proceed to the assembly area which is located at the driveway of a building adjacent to the hotel. Please refer to the site plan on the next page.

If you are unable to evacuate your guestroom in the event of a fire:

- Stuff a wet towel beneath the door to prevent smoke from seeping in.
- Contact the Fire Command Centre at Ext 7999 to inform your location.
- Turn off all the air-conditioning.
- Fill your bathtub with water. Keep plenty of water in the tub and use the waste bin nearby to carry water when necessary.
- If smoke enters the guestroom, cover your mouth and nose with a wet towel.
